CHILDREN'S UNIVERSITY SUMMER Activity Challenge

Get EXPLORing!

| | | |
|--|--|--|
| <p>1. Explore somewhere new Visit a brand new learning destination that you've never visited before. Write a review to tell other people what you learned and why they should visit this place.</p> | <p>2. Trailblazer Discover a new town or city by downloading a Huntfun/Treasure Trails/Curious About trail from the internet.</p> | <p>3. Travel writer If you travel somewhere on holiday (at home or abroad) this summer, keep a holiday diary and write down something new and exciting that you learned each day.</p> |
|--|--|--|

Get Creative!

| | | |
|--|---|---|
| <p>4. Super powers Read 3 books or comics about super heroes or super villains. Write a short review for each, giving your official <i>star rating</i>. Why not design your very own super costume? What would your super power be and why? Would you use your powers for good or evil?</p> | <p>5. Celebrity Chef Make a delicious summer lunch for your family. Take pictures of the feast and write the recipe down to make your very own mini recipe book. <i>Ideas and healthy recipes:</i> www.eatsamazing.co.uk and www.bbcgoodfood.com</p> | <p>6. Must See Movies Head to the 'Into Film: Must see Movies before you grow up' website: www.intofilm.org/msm. Pick a category and watch one of the movies listed under your chosen category. Download one of the FREE Must see Movies activity sheets from the same category and complete the activities.</p> |
|--|---|---|

Get Active!

| | | |
|---|--|---|
| <p>7. Crazy Sports Day Plan your very own crazy sports day for your friends/siblings – this is like a normal sports day but with crazier games! Choose three silly games like football golf, a walking race, or a dance off. Nominate a referee, write down your rules, and keep a leader board!</p> | <p>8. Special performance Make and practice a full dance routine to your favourite song with your friends and perform it for your family.</p> | <p>9. Marco! Polo! Go for a swim at your nearest pool and play a game of Marco Polo. Write down the rules of the game so others can play it too.</p> |
|---|--|---|

Get Outdoors!

| | | |
|--|--|---|
| <p>10. Habitat hunting What is a habitat? In your garden or local park, find as many different habitats as you can, and draw or take a picture of the animals you can find that live there. Up a tree? In a pond? Under a rock? Under the ground? Along with your pictures, tell us <i>why</i> you think the animal has made this habitat their home.</p> | <p>11. Build a den Build a den in your garden or your nearest park using some cloth, large sticks, and some rope.</p> | <p>12. Green Fingers Grow some seeds in your garden or in a small pot and keep a diary of their growth. Draw pictures of your seeds at different stages. What are the things your plant needs to survive and thrive?</p> |
|--|--|---|

Get Scientific!

13. Colourful crystals

Make your very own colourful crystals inside an eggshell. You'll need eggs, water, cups, spoons, food colouring and a mix of solid powders like salt, sugar, bicarbonate of soda and cream of tartar. Take some pictures, and write down how the experiment works! Your instructions: sciencebob.com/eggshell-geode-crystals

14. Our Future Energy

We rely on energy every day of our lives, but where does the energy come from? Head to our website and get your hands on the Our Future Energy activity! Check out the amazing Our Future Energy website to help you hunt for clues and complete the fun quizzes and games: ourfuture.energy

15. Build a fizz inflator!

Tired of blowing up balloons yourself? Construct a fizz inflator and you won't have to! You'll need an empty plastic bottle, vinegar, a small balloon, some bicarbonate of soda and some paper. Take some pictures and explain how your fizz inflator works! Your instructions: sciencebob.com/build-a-fizz-inflator

Help others!

16. Kindness month

August is Kindness month. Take part in and write about 3 random acts of kindness before the end of August, you could help younger siblings with reading, writing or numbers; make a card for a friend or family member to say thank you; bake something for a charity bake sale or take part in a sponsored event for a charity.

17. Role reversal

Do you have an older or elderly person in your family? You're never too old to learn something new, so pick something you've learnt recently and give them a lesson so they can learn all about it too! Then make a little test for them to see what they can remember. Did you enjoy being a teacher? Did your pupil remember what you taught them?

18. Spread the word

What do we mean when we say a 'carbon footprint'? Can you find out about 3 things that increase your own carbon footprint? Make an eye-catching A4 poster asking people to cut down on their energy use and recycle to help reduce climate change.

Discover the Past!

19. Get historical

Visit a Historic Environment Scotland learning destination and write down three fascinating facts about the site. Send us postcard and tell us what you learnt and what you liked. Who lived at the site? When was the site built or made? Does it look different in the modern day?

20. Fossil finders

In your garden or local park, find some stones about the size of the palm of your hand and decorate them to look like fossils. Do some research about the fossils you choose – will you paint an ammonite? A trilobite? When did these animals live?

21. Horrible Histories

Visit your local library and pick a Horrible Histories book. What are three gruesome or silly facts about the period of history the book talks about? Tell us what you would like about living in that time, and what you wouldn't like at all!

Rule Number 1: Each activity is worth 1 CU credit, and you can only collect 1 credit per activity.

Rule Number 2: Before you can collect a stamp, your teacher will need some evidence that you have completed the activity. The evidence could be a photograph, your diary/poster a recording, or some writing about when and how you completed the activity and what you liked about it.

Rule Number 3: Once you have your Passport signed or stamped, you're ready to add your credits to the e-Passport. Go to: epassport.f2uni.com/Public/Login

Rule Number 4: HAVE FUN!

We Love to Hear From you, Why Not get in touch?
